Crowds See Wistaria In Full Glory

Many Famous Personages Make Pilgrimage to Famous Vine

Each Day Sees Added Charm As Vine Reaches Full Bloom

With the Wistaria vine just coming into its full glory, attendance at the Wistaria Fete is growing day by day. Never has the vine appeared so beautiful as this year, weather conditions being peculiarly favorable to gradual but complete flowering throughout its length. The lower portions of the vine, along the pergolas and arbors have been full of bloom for two weeks. The first touches of color began to appear high in the pepper trees early this week, and every day sees a great addition to this display.

"If this vine were in Europe, everybody would be writing home about the wonder of it, and it would be advertised all over the world. But just because it is right here at home we take it for granted," said a Los Angeles woman as she ate her chicken pie yesterday noon. "We come out and see it and just say, 'Oh, isn't it nice!' We ought to do something to insure its perpetuation as a public institution and one of the landmarks of California."

The procession of visitors contains many distinguished and interesting persons. Last Friday Miss Colleen Moore stopped for a brief time while on her way to a nearby "location" with her film troupe. She was highly appreciative of the scene at the Fete, modestly avoiding anything to attract attention to herself and impressing the few who came in contact with her with a very natural and gracious personality.

Mr. and Mrs. Arnold Kruckman of New York and Hollywood also visited the vine last week. Mr. Kruckman is a staff writer for New York papers, and for Collier's, and collected pictures and story material which will further spread the fame of Sierra Madre and the vine.

Mrs. Kate Brew Vaughn of the Los Angeles Express visited the vine on Monday. The scene evidently made a great impression on her for on Tuesday morning she devoted most of her domestic science period on Radio KNX to a description of the vine and fete.

The current number of the Masonic Digest of Los Angeles adds another to the list of periodicals devoting generous space to the Wistaria Fete.

Scarcely less impressive to visitors than the vine itself is the work being done by the women of Sierra Madre to make the fete a success. It is the subject of frequent remark. With the ladies of the Eastern Star forming the most of the staff, and many others assisting generously as a matter of community loyalty, the fete is being carried forward as few community affairs are done.

One of the nice things done in connection with the fete was the placing of a drinking fountain by Babbitt & Son at the side of the street on Carter Avenue. The appreciation of those who use it is plainly to be seen.

The spirit of cooperation at the fete extends even beyond the borders of Sierra Madre. The Monrovia Masonic orchestra came over Sunday afternoon and rendered a delightful program. The organization does splendid work and the music was greatly appreciated. The work in connection with the auto park is handled by the boys of Monrovia chapter of the Order of DeMolay.

NINE ATTEND MEETING AT COUNTRY CLUB

Sierra Madre was well represented at the meeting of the Associated Chambers of Commerce Tuesday night, at the Mountain Meadows Country Club. The delegation included Robert Mitchell, J. M. Campbell, C. W. Collins, Woodson Jones, A. M. Udell, Tom Henderson, Ray A. Grant, Dean William C. Shaw and Col. Herman Hall.

Supervisor Graves talked informally on flood control. He said all elements were now united for the prompt construction of the San Gabriel dam which will be the largest in the world. Determination of the Forks site has clarified the situation so that no further delay is to be expected. Garner Curran gave an interesting lecture on China.

UKES PROVE POPULAR AMONG BOYS AND GIRLS OF THIS CITY

If you should happen to meet a happy youngster at early eventide, walking slowly along the walk, strumming a gay air on a Hawaiian ukulele, chances are he will be playing one of the ukes the News is giving for two new one-year subscriptions. The other premiums which were displayed in the News windows for a few days, have all been claimed by ambitious boys and girls, but the ukes seem far the most favored prize, and re-orders have been necessary.

There are no papers to sign and no red-tape; just bring in the names and the money. As one boy remarked, "That's certainly an easy way to get a uke!"

Kenneth Shutteworth, younger son of Mr. and Mrs. Chris Shutteworth, is the victim of a broken arm this week.

Landmark Is Removed to New Location

Moving of Deutsch Residence Brings Flood of Memories to Old Timers

Removal of the old Deutsch residence from its site at the corner of Baldwin and Laurel to a location on West Grand View Avenue this week recalled a flood of memories to old timers in Sierra Madre. The house was entitled to be ranked among the oldest in Sierra Madre, having been erected about 1886.

The builder of the house was Emile Deutsch who played a prominent part in Sierra Madre affairs. Mr. Deutsch and his family came to Sierra Madre about the time of the big boom, and started a cigar factory which at one time was an important industry. The Sierra Madre Vista of March 17, 1888, has a review of the village history and business development. In referring to the Town Hall block at the northeast corner of Baldwin and Central it refers to the various tenants, there being four store rooms, all opening on the south front. Robinson's grocery with the post office occupied the corner room. The Vista account says:

"The next room is used by Mr. Emile Deutsch's large cigar factory. This firm, by the manufacture of the finest cigars obtainable in the market, as every smoker joins in attesting, is now so overrun that the entire force is engaged in trying to fill advance orders for but a single brand, the famous 'Sierra Madre.' The factory is to be enlarged immediately, and an attempt will be made to better answer demands made by the trade."

Mr. Deutsch was one of the promoters of the company which erected the Town Hall block, around which so many community affairs centered. In later years he moved his cigar factory to the home property on Laurel Avenue and after his death it was continued for a number of years by his son, W. E. Deutsch, now of Redondo Beach.

The mountains had a powerful appeal for Mr. Deutsch. There had been an old trail for many years, but the lower part of it was very steep and Mr. Deutsch was largely instrumental in constructing a better trail at a lower level, the present Mount Wilson Trail. W. S. Andrews is authority for the statement that Mr. Deutsch did a great deal of the physical labor himself, enlisting such aid as he could by enthusiastic boasting. With some associates he built a cabin and store at the Quarter-Way which was operated for many years.

The old Deutsch house has been removed to the rear of the property owned by Mr. and Mrs. Norman Morrison at the corner of Baldwin and Grand View. Mrs. Morrison is a daughter of Mr. Deutsch.

Medleys Brother On Way to China

Mr. and Mrs. Benj. Medley spent Tuesday at San Diego with Mr. Medley's brother, Henry, who came from Parris Island, South Carolina, with the Marines on their way to China, on the Henderson. This boat has 2500 men on board.

Miss Charlotte A. Carter had as luncheon guests at the Wistaria Fete on Thursday Mrs. William J. Miller, Miss Lydia Webster and Miss Flora Vannier.

Urge Survey Of Highline Road Route

Local Residents Would Insure Permanence of Present Improvements

Cooperation by Residents of Foothills Assured in Petition

Efforts to safeguard and ensure the future construction of a highline road along the base of the mountains between Sierra Madre and Altadena have been in progress the past week. A petition has been circulated asking the Board of County Supervisors to have a survey made and officially recorded for a road as close to the base of the mountains as is practicable. The petition has been signed by the owners of practically all the high foothill land between Sierra Madre and Altadena except the Hastings property.

This movement originated with Francis C. McMillen of the county surveyor's office, who circulated it in the Sierra Madre Villa section. W. R. Humphries, president of the Sierra Madre Chamber of Commerce, secured the signatures of Sierra Madre property owners chiefly concerned in the project.

It is not expected this petition will start the physical improvement project. Its purpose is primarily for the guidance of subdividers and property owners who may desire to construct homes or other improvements. By taking the future highway development into consideration this may be done more intelligently and without danger of having improvements wiped out by later road construction. The petition and signers are as follows:

Honorable Board of Supervisors, Los Angeles, California.

Gentlemen: We, the undersigned owners of property situated along the foothills between the City of Sierra Madre and the county territory known as Altadena, hereby request that your honorable board instruct the county surveyor to make the necessary surveys for the opening of a road along the base of the mountains from the City of Sierra Madre to Altadena, following as near the base of the mountains as is practicable, said road survey to be made in order to preserve and record a strip of land to be used for highway purposes in the future.

NEW BALLOON SAID TO SET NEW HIGH STANDARD

A new Goodyear balloon tire, bearing the scientifically designed All-Weather tread, announced after two years of intensive experimental work, has been placed on the market in Sierra Madre, at the Sierra Madre Garage.

"Car owners who experienced rapid and uneven tread wear in balloon tires," says J. Milton Steinberger, owner of the Sierra Madre Garage, "will be interested in learning that this new tread, adopted and placed in production after 80 different designs had been developed, has the virtue of long even and slow tread wear. In addition to this feature the new tread offers greater traction qualities and increased resistance to skidding."

"The sharp edged blocks of the new tread are placed in a semi-flat design so that they not only grip the road but retain usefulness longer than any non-skid balloon tire tread ever tried before. It is a great tire!"

Mrs. Charles P. Hatcher of 123 East Central Avenue entertained the Woman's Missionary Society of the Methodist Episcopal Church of Hollywood recently, thirty women being present. After a most delicious luncheon the meeting was called to order by the president, Mrs. Lyle Buck of Hollywood, and invocation by the pastor, Rev. J. A. D. Fry. After adjournment the group enjoyed a visit to the Wistaria Vine.

Mr. and Mrs. J. F. Desert of Pasadena have purchased a lot on West Grand View opposite the Barlow estate and will build a six-room home in the near future.

SHOE SOLE IS CEMENTED BY NOVEL CLAMP

Henry Olsen has installed a new apparatus for cementing soles on shoes that is a wide departure from ordinary methods. It is specially designed for shoe styles that do not give the cobbler anything to which to sew or nail a new sole. A special cement is used and the shoe with the cemented sole in place is held securely in a clamp while the cement takes hold. Uniform pressure is secured all over the sole by ingenious use of the hydraulic principle.

As the sun breaks into the first glory of a new Easter dawn, Los Angeles and suburbs will unite in singing hymns of praise at the great open-air devotional services to be held at the Coliseum. Dr. James A. B. Scherer, director of Southwest Museum, will deliver the Easter message. One hundred musicians will compose the orchestra that will lead the singing, besides playing several special selections.

To Join In Memorial for Mrs. Osgood

Friday Morning Club to Honor Memory of Beloved Leader

A memorial service in honor of the late Caroline Lincoln Osgood, beloved club mother, will be held at the Friday Morning Club, April 16th, at 10:30 a. m. Sierra Madre friends have been invited to attend. A special section will be reserved for officers, charter members and past presidents of the Sierra Madre Club. A speaker will be furnished from Sierra Madre. Those attending are urged to be early.

The program in charge of Mr. Lindley Eddy showing moving pictures and slides of the animal and bird life in the Redwoods promises to be very interesting and entertaining. Mrs. Jakobsen, district chairman of conservation will be a luncheon speaker, as will Mrs. Leland Atherton of the Hollywood Bowl, who will speak on the Eleanor Joy Toll Memorial. Reports will be given by delegates who attended the district convention held in Long Beach. Nomination of officers for the coming year will be held.

Although the club has no desire to interfere with activities of the Wistaria Fete and are cooperating with the Eastern Star in every way possible, luncheon speakers had already been provided. Members not working at the fete are urged to attend. Please make luncheon reservations with Mrs. Dickson as early as possible, but not later than Monday, April 11. The Art Section will meet at the home of Mr. and Mrs. Frank Conard, April 21, at 2:30 p. m. Mrs. Nestor Young will talk on Moorish dominance in Spain. Mrs. Fred Griebenow will speak on "Old and New Alhambra."

Freeman To Judge At San Fernando

A. C. Freeman of Freeman's Veribest Rabbitry, will judge Chin-chillas at the San Fernando Valley Rabbit and Poultry Show, held April 13 to 17, inclusive. In order to qualify as a judge at the rabbit shows, according to Mr. Freeman, it is essential that a person not only handle rabbits for years, but that he appear at three sanctioned shows under three separate judges who must recommend him very highly. Mr. Freeman is a judge of many years' experience and a great rabbit enthusiast. He is encouraging Sierra Madre people to make entries in this show, as a favorable showing will advertise the community.

PASSOVER WILL BE CELEBRATED BY SOCIAL CLUB

The Hebrew Social Club of Sierra Madre has arranged for the holding of Passover services at 207 North Grove Street. The services will be held Saturday, April 16, at 7 p. m.; Sunday, April 17, at 8 a. m. and 5 p. m.; and Monday, April 18, at 8 a. m. and 5 p. m.

A cordial invitation is extended to all Hebrews to attend these services. A. PLATT, President, Hebrew Social Club of Sierra Madre.

Church Plan Is Approved By Experts

Unanimous Commendation Is Seen for Proposed Edifice

Young People's Work Will Be Feature of the Church Program

The plans for the new First Congregational Church and educational plant are receiving the highest endorsement of religious leaders and community workers, not only here but in distant places. Rev. Arthur O. Pritchard has this week received many letters and expressions of commendation regarding the enterprise. One of these was from Mrs. S. E. Cobb, executive secretary of the Board of Education of Pasadena. Among other things, she said: "For the type of work to be done, you have almost an ideal plan."

Another letter came from Dr. Raymond C. Brooks, professor of religious education at Pomona College: "The plans of your new church seem to me most admirable," he declared. "It has been a pleasure and a privilege for me to examine them. The floor plan itself, is compact, convenient—the rooms light and airy and of fair size. It is altogether an excellent scheme and I congratulate you upon it."

Especially has that portion of the structure which will be devoted to recreational and educational work received commendation. And this, by far, will comprise the larger part of the enterprise, for the reason that it is most urgently needed. Only a cursory examination of conditions as they now exist in the Sunday School will prove this.

There is a total enrollment of 250—the several classes and departments of which are "sardined" into quarters pitifully inadequate. In fact, the Park House and other adjacent buildings must be utilized to accommodate the children of this fast-growing school. The young people's department alone, which uses the main auditorium for its Sunday morning assemblies, totals over 100.

The young people maintain their own splendid orchestra, under the leadership of Gus Rihard, and lately have organized a boys' chorus, led by Mrs. E. E. Bacon. One of the popular and fast-growing young men's organizations are the Comrades, now numbering twenty-five, led by Dennis Stovall, and of which Preston Schwartz is president.

The Girls' Reserves are also affiliated with the church, using it for their meeting place. The completion of the new building will provide quarters for all these and many others which cannot now be considered because of lack of room.

BOY-BOND SALE FAR BELOW THE LOCAL QUOTA

Only \$208 has been subscribed to date toward the \$500 needed for the annual budget of the Boy Scouts in Sierra Madre and the district, according to Robert Mitchell, finance chairman. Subscriptions have been received from the following since publication of the last list, and many more ought to be on the list:

G. E. Babbitt, M. Rudolph, R. O. Calkin, A. N. Hutton, R. A. Pratt, Mrs. Edith Wark, Dr. J. L. Woelher, C. W. Forman, Mrs. N. M. Mesecar, Mrs. L. M. Farnham, Mr. and Mrs. F. P. Conard, Mrs. Herman Hall, Geo. H. Clark, W. S. Hull, Dr. G. S. Bovard, Chas. H. Hastings, R. S. Corlett, American Legion Total, \$208.

Miss Ida Resch, daughter of Mr. and Mrs. Jacob Resch of Rapid City, Ill., passed away Thursday afternoon at 56½ West Mira Monte where she had resided the past year. With her in Sierra Madre were her mother, two sisters, Frances and Emma, and her brother, Aloysius. Her father and two other sisters are in the east. Funeral services will be held in the Moreland & Bergien chapel, the time to be announced later.

Mrs. F. Hooker Jones is entertaining today as a courtesy to Mrs. Charles Ackerman of Mansfield, Ohio, at the Wistaria Fete. Her guests at lunch will be Mmes. L. H. Kreke and L. W. Capella of Hollywood, Olive Hessel of Brentwood Heights, Herbert Evans of Los Angeles, S. S. Bricker of Ontario and the honor guest. After lunch they will motor to Ontario for tea, at the home of Mrs. Bricker.

SIERRA MADRE'S FAME CONTINUES TO SPREAD OVER WIDE REACHES

From the University of Missouri Department of Journalism comes a request for several specimen copies of the Sierra Madre News, to be used for purposes of instruction. Regular issues rather than special editions are requested.

This is only one of many such requests received at this office. The papers are always sent as requested. Classes in journalism get papers from all over the country for purposes of study, and the good and bad features are discussed and compared. Is it worth while to have a newspaper of which Sierra Madre can be proud under such circumstances? The publishers of the News believe it is. This is something for advertisers and subscribers to think about.

Power Will Be Shut Off Short Time

Improvements in Local Service Necessitate Short Let-Down

If your electric percolator or toaster does not work next Sunday morning, don't bother to call up the Edison company. The juice will come on again a little later and everything will be lovely. For it will be necessary to shut off the current for a little while in order to make important changes in the local electrical distribution system, according to announcement from the company.

For some time the Southern California Edison Company has been busily engaged in carrying out a program for extensive alterations and additions which will improve all conditions of electric service in Sierra Madre and vicinity. One of the most important changes to be made is the rearrangement of the transmission circuits in delivering energy to Sierra Madre so that in case of trouble the source of supply can be transferred to another circuit in a very short time.

Another important improvement is a change in the operation of the local distributing system by increasing the capacity of these lines from 2200 volts to 400 volts. This improvement will increase the capacity and insure the uniformity of service.

In order to complete these changes, it will be necessary to take out of service the entire system for a limited period. The time selected for doing this work, if the weather permits, will begin on Sunday morning, April 10, at 7 a. m., when the users of electricity will be caused the least inconvenience. Each section of the community must be handled separately, but the work will proceed as rapidly as possible and it is expected that all connections will be completed and operating by 12 noon. Exception has been made in order to restore the service to the churches and business houses by 10 a. m. Coincident with these changes additional equipment has been installed in the substation, giving a very much increased capacity of electric service to take care of the growth for several years.

MANY SCHOOL PUPILS VISIT MISSION PLAY

Two hundred Sierra Madre school children went to San Gabriel yesterday afternoon to see the great historical pageant, John McGroarty's "Mission Play." Thru special arrangements with the Pacific Electric, a through train took the pupils, with teachers and other adult escorts, directly to the Mission Playhouse. The children were able to get a view of one phase of California history which they could not get in any other way, the trip being worth many days of school sessions in that respect.

Miss Sue Brobst of Bellevue Court entertained several members of the Business and Professional Woman's Club of Los Angeles on Sunday. Two of them, Miss Mildred Roberts, past president, and Miss Laura Ivy, were breakfast guests, the others coming later in the day.

Mrs. Grace Y. Hudson of Pasadena will be the guest of Mr. and Mrs. W. J. Lawless Saturday at the Association of City Planners' luncheon to be held at the Wistaria Fete.

City Planners Coming Sat. To Wistaria

Will Enjoy Luncheon Under Far-Famed Wistaria Vine

Miss Mary Pickford Accepts Invitation to Attend Meeting

The Association of City Planners of Los Angeles County will gather at the Wistaria Fete for luncheon tomorrow noon, on the occasion of their April meeting. This will bring a group of perhaps 150 people from all over the county who are interested in the best things of public life and civic enterprise. They will gather in one of the most novel settings which they have used for their meetings about the county, and their presence should result in a great deal of favorable advertising for Sierra Madre and the Fete.

Miss Mary Pickford, who was given a special personal invitation to the Fete at the last meeting of the association, expressed her pleasure and agreed to accept. Accordingly it is hoped she will also be among those present.

As soon after the luncheon as the group can be transported to the Woman's Club House, the regular meeting of the association will be held. This is expected to be about 2 o'clock. The general public is cordially invited to attend and a splendid program is assured. Local arrangements have been in charge of Mrs. John H. Osgood, secretary of the city planning commission. The association program is arranged by the association officers.

Earl D. Topping, chairman of the board of trustees, has been invited to extend the welcome of the community to the visitors at the afternoon session. A musical treat is assured in the form of violin numbers by Miss Orlene Burrows, whose accompaniments will be played by Mrs. George B. Morgridge. It is particularly appropriate to have Miss Burrows on the program because she is one of the pupils of Oscar Seiling, chairman of the local planning commission. She has won great popularity by her beautiful playing over the radio and on various programs.

The speaker of the afternoon will be R. D. Cornell of the firm of Cook & Hall, prominent landscape architects. They designed the tree-planting control system for the city of Beverly Hills and he will outline procedure for comprehensive tree planting programs, a subject of particular interest in Sierra Madre just now.

The officers of the association are R. L. McNitt of the Los Angeles City Planning Commission, president; William J. Fox, secretary; John A. Morton of Santa Monica and Mrs. J. W. Lowther of Long Beach, vice-presidents. These form the executive committee with J. M. Paige of Pomona, J. M. Kemmer of Whittier, P. J. Haysleed of Glendale and C. R. Jones of Monrovia. Mrs. W. J. Lawless of Sierra Madre is a member of the advisory committee.

SHOWER FOR NEWLY-WEDS AT HIBBS HOME

The wedding of William Lee Hibbs and Mrs. Bessie Sexton took place on March 19, when they slipped away to Los Angeles and had Judge Richardson perform the ceremony. They have since been making their home at Mr. Hibbs' residence, 249 Ramona, and have been receiving the congratulations and good wishes of their many friends. Mr. Hibbs has been a resident of Sierra Madre for many years, working as a carpenter and taking an active part in the affairs of the Volunteer Fire Department. Mrs. Sexton came recently from Monterey Park, where she had resided the past two years since leaving her old home in Iowa.

On Sunday Mr. and Mrs. Hibbs were pleasantly surprised by a group of their friends who gave them a miscellaneous shower. Refreshments were served after which a trip to the Wistaria vine was enjoyed by all. Those present were Mr. and Mrs. V. H. Van Cleave and Mr. and Mrs. W. A. Guidera, Monterey Park; Mr. and Mrs. F. E. Van Cleave and Mr. and Mrs. Frank Bartel, Alhambra; Mr. and Mrs. Jess Batchelor, Wilmar; Mr. and Mrs. Orville Duval, El Sereno; Prof. and Mrs. H. D. Lloyd, Sierra; Etta Troxell and Mr. and Mrs. Elmer Hoover, Los Angeles.

Listening-in With Luellen

Devotions

I almost never say my prayers
With smoothly folded eyes,
So many prayers go blundering
Each day to Paradise.
I'd think that God would tire so
Of prayers all neat and trim
When rows and rows of them each
day
March stiffly up to Him.
I wait until some cool fresh dawn
When He goes down our walk,
And then I run and slip my hand
Within His hand and talk.
—Mrs. E. Norcross.

Perhaps it is the influence of
spring that gowns and hats are
blossoming out with flower trim-
ming. Flowers are used with de-
lightful artistry in many new
ways. The inevitable shoulder
flower echoes the flower scheme of
the chapeau. One smart hat
boasted a large bunch of white
violets placed low on the right
side, a matching bunch of violets
was worn as a shoulder decoration.

A smart taffeta evening frock
had as its only trimming a "rib-
bon of honor" worn from the left
shoulder across the bodice to the
right side of the waist line; this
was made entirely of flat taffeta
flowers.

The new costume dresses are
smartly adapted to the varied re-
quirements of spring. These two
and three-piece models consist of
frock or blouse and skirt with
matching jacket.

The wide leather belt is a smart
fashion note on the newest sport
coats.

A tied kerchief round the neck
is new, flattering and a chic ac-
cessory to the tailored suit or
sports costume.

The smartest new chiffon hose
are those that have their clocks
cleverly woven in from the knee,
pointing their smart arrow down-
ward.

From Paris comes word of lo-
vely new hair styles, mostly bobbed
—but here and there one sees
long hair. Hair is still worn
close to the head and must be
more beautiful and more carefully
groomed than ever. By their very
simplicity the smart new hair
styles reveal the hair's texture
and quality. It simply must be
lovely.

Fortunately, beauty bringing
care for the hair need be neither
difficult nor expensive. At the
Wistaria Beauty Shoppe, 38 North
Baldwin, a specialty is made of
the proper shampooing and treat-
ment for your particular hair
problem. Scalp treatments for
falling hair, for dandruff, for dry
hair and for oily hair are given
here. Of particular interest is the
new Sun Aero Hairdryer which
Miss Lenhard has just had install-
ed. This wonderful electric dryer is
built on scientific principles, com-
bining sunlamp heat with natural
sun hairdrying action. The tele-
phone number of the Wistaria
Beauty Shoppe is Green 194.

Mechanical dolls which can walk
with quite a natural grace are
being used as mannequins to dis-
play the newest fashions.

Do you know the joy and pleas-
ure of keeping a scrap-book? Thru
the years a scrap-book will be-
come one of your choice posses-
sions. Clippings of poetry, bits of
prose, pictures of interest and
news items all combine to make a
book dearly treasured and invalu-
able as a source of interest and
reference.

There is an improved loose-leaf
scrap-book now—the pages are
lined with glue making it very
easy and convenient to attach
clippings and as the book grows
new leaves may be purchased.
These books come in various sizes
and are also very convenient for
school children to use.

Mr. Lang of the Sierra Madre
Manufacturing Company is mak-
ing these clever scrap-books under
his own patents. They can be ob-
tained at the office and factory at
28 Windsor Lane. They are reason-
ably priced and you will find
any size you desire. Mr. Lang has
long manufactured scrap-books,
having invented the well known
"Ideal Scrap-book" many years
ago.

A well-dressed woman is one
who permits no imperfect part to
mar a perfect whole. Her clothes
should be as well ordered and as
carefully chosen and worn as the
food and cleanliness of her house-
hold. One is as important as the
other.

In the olden days women labored
with the crude and dangerous
method of gasoline immersing to
clean garments. Today, dry-clean-
ing, keeping pace with modern
methods, has become a fine and
delicate science. Now, when cloth-
ing becomes soiled a call on the
telephone will bring a representa-

tive from a dry-cleaning estab-
lishment to your home; when the
garment is returned it is glow-
ingly fresh and quite like new
again. No trouble, no fuss, no
labor.

The Troy Laundry of Pasadena
has a separate and completely
equipped building for dry clean-
ing, where expert cleaning of all
kinds is done. It will be helpful
to know that they also clean and
reblock hats very successfully. The
telephone number of Mr. Roy Ed-
wards, the local agent for this
efficient company, is Red 42.

Only people of assured position
can dress badly without losing
caste by doing so. A self-made
man simply can't afford to wear
country-made clothes, because it
looks so eminently suitable.

Pictures are cherished among
one's dearest possessions. Suc-
cessful choosing of pictures is a
matter of long study. The style
and use of the room, the wall
space available, the lighting, the
harmonious relation between sub-
ject and frame, all these problems
decide a picture's success.

Having chosen the correct pic-
ture the framing is of the utmost
importance. The right frame, the
most effective background, the
happiest proportions and colors.
And here the Sierra Madre Furni-
ture Company, 14 North Baldwin,
is prepared to help you. Avail
yourself of this service. They have
a complete line of picture mould-
ings, including antique and gold,
black and gold, blue and gold and
metal leaf ranging from three-
fourths to two inches in width.
And, too, they have many framed
subjects that will add charm to
your rooms.

Good breeding is a sincere,
kindly consideration for others
put in its pleasantest and most
delicate form.—Annie Payson Call.

Our past is always behind us
and our future will depend a great
deal upon ourselves and what we
make of it. We can anticipate
some of life's rougher spots by
keeping ourselves well protected
with insurance, not only against
death but disability and old age
as well. We should, all of us,
have a definite insurance program
and the time to begin it is now
and increase it as we go along.

Gordon Brooks, local representa-
tive of the New York Life, one
of the leading insurance compan-
ies of America, will be very glad
to assist you in developing such
a program. It will be well worth
your while to have him call and
explain to you some of the really
important features of this com-
plete protection. Mr. Brooks' of-
fice is at 22 North Baldwin. Tel-
ephone Black 8.

To locate escaping gas use soap
suds instead of the dangerous
match or candle. Fill a tin can
with soap suds and apply with a
paint brush. When escaping gas
comes in contact with the suds
there is a bubbling that can be
seen and heard plainly.

A perfect room must combine
beauty and suitability. The bath-
room has been the last to achieve
this, but now the modern bath-
room may be lovely to look at,
and also add to its former effi-
ciency. Modern plumbing is some-
thing to be thankful for, and we
add thanks, also, to those artistic
persons who have made our bath-
rooms now a place of charm and
color. The beautiful bathroom of
today is the center of home health
and comfort.

If you are planning to install

a new bathroom or improve your
old one, Mr. Klunk, in charge of
the plumbing department of the
Sierra Madre Hardware Company,
will be very glad to go over your
plans with you and give estimates
on any desired improvements. Tel-

As the tin linings of Japanese
baskets used for flowers and ferns
often break, it is helpful to know
that if you melt paraffine wax
and cover the entire inside of the
tin well, it will neither leak nor
rust. This treatment also applies
to some of the present-day pot-
teries that do not hold water.

"Isn't it wonderful," a friend
said to me recently, "what can be
done with just a small amount of
dirt? Take a few square feet of
ground and with a little work out
of it comes a garden." My friend's
enthusiasm is contagious, and
truly there is this about the gard-
ening instinct which places it near
the divine—it is no respecter of
persons. One need not be a land-
owner to possess it—often the
most fervent gardeners have the
smallest space with which to work.
Gardening is one of our national
enthusiasms.

A very important part of suc-
cessful gardening in California is
to know the proper time for
planting; doing the right thing at
the right time will lessen the la-
bor and increase the benefits. All
kinds of vegetable seeds may be
planted this month, and flower
seeds such as zinnia, early cosmos,
marigold, petunia, verbena, phlox,
nasturtium, etc. Plants may be
set out now of columbine, chrys-
anthemum, begonia, pansy, del-
phinium and Shasta daisy. Also
bulbs of cannas, caladiums, dahl-
ias, gladiolus and tuberose.

At the Poehler Feed and Fuel
Co., 43 North Baldwin, you can
obtain the best seeds including
those from Germain's, Agler and
Musser and Perry's. Here also
are found many garden helps—
small garden tools, sprays and
fertilizers. As an added conveni-
ence Mr. Poehler will secure any
flower bulbs or plants desired.

your appetite and give new zest
and attractiveness to your menus.
Are there not many times when
you sit down to a deliciously-pre-

eating a thing? If something
unusual and different is served,
how quickly your appetite returns
—how keen becomes your desire
for food.

Mr. Norris has a complete line
of importations from Crosbe and
Blackwell, England—these include
preserves, condiments, relishes and
fish pastes. Also from England
come Huntley and Palmer's fa-
mous biscuits and small tea cakes.
And the Cresta Blanca fruit syr-
ups including grenadine, apricot,
creme de menthe, benedictine, ver-

Cheese and Anchovy Sandwiches
Cream two tablespoons butter,
add one-fourth cup grated Ameri-
can cheese and one teaspoon vin-
egar. Season with salt, paprika,
mustard and anchovy sauce.

Spread mixture between thin
slices of bread.

Lobster Sandwiches

Mix an equal quantity of finely
chopped lobster meat and yolks
of "hard boiled" eggs forced thru
a sieve. Moisten with melted but-
ter and season with mustard, beef
extract diluted with a very small
quantity of boiling water and salt.
Spread mixture between thin
slices of buttered bread, remove
crusts, and cut into fancy shapes.

BLAKE LEAVES EAST AFTER EX- TENDED VISIT

Prof. Frederick C. Blake has
left for the east where he will
visit friends in Nashville, Tenn.,
before returning to his home in
Columbus, Ohio. He and Mrs.

Mrs. Blake, who is the daughter
of Mr. A. N. Adams of 1 Monte-

remain here until after Easter.

Prof. Blake, who is a faculty
member of the physics department
of Ohio State University, con-
sidered his visit in Southern Cali-
fornia a rare treat for it gave him
an opportunity to come in close
contact with many men of na-

although he was here but a short
time. Among his associates, who
are all authorities in mathematical
physics were Dr. Millikan, winner
of the Nobel prize in physics and
head of California Institute of
Technology; Dr. Lorentz of Hol-

who has made valuable contribu-
tions supporting the Einstein

Eyes! Hours!

Many eyes are watching Sierra Madre—trained eyes, eyes of people who watch and wait for certain signs, and when those signs appear—act. Can you read between the lines of this message? If not, ask me at my little office what these words mean!

Quite a few listings made with me the past few weeks haven't been inspected. I'll get around to your place soon. Thanks!

I'm sure glad to see the days are getting longer. I am writing these words at my little office—at 5:30 a. m. The days don't seem long enough for the business I'm trying to do and believe me, folks, the minutes click by so fast that I think I had better get my watch rebuilt so that I can get 80 minutes to the hour.

There's a place for everybody in Sierra Madre—a home, flowers, view, sunshine. I've many listings of homey homes—let me help you.

Do you know where Alta Sierra Madre is? Yes? Well, folks, watch this section of our little city—street work, landscaping and other improvements will soon be put in and then the eyes will have it. By that I mean those who use their eyes now will see the opportunities that are on their way. I expect to announce some important news in an issue or two—more improvements for Humphreys.

Here's a buy that will make somebody a little money—Lot 49x 135; street work going in; the lot is yours for \$650, \$350 down, balance easy terms—or make offer.

New stucco, 5 rooms, sleeping porch, fine construction, handy, garden, fruit trees. Forty-five hundred dollars.

Interesting News Notes from Sierra Madre Canyon

The reason for the extensive alterations and improvements made recently on "Splash-Inn Cottage" was disclosed Sunday. The cottage was the scene of a celebration in honor of the marriage of Mrs. Mary Ann Phillips of Lomita to Mr. Gabriel Brown Hodge of Harbor City. The bride and groom are well known residents of the harbor district, Mrs. Hodge being a pioneer of Lomita and the Palos Verdes Hills. The bridal pair have recently returned from Santa Barbara where they were married by the Reverend Samuel Hughes in the First Methodist Church. The guests at the reception Sunday were Mr. and Mrs. Jack Phillips and two sons, Mr. and Mrs. Harry Phillips and son, Mrs. George Taylor and two daughters, Mr. and Mrs. Jack Anderson and son and daughter, Mr. and Mrs. Henning and two sons, Mrs. White and Miss Reid, all of San Pedro, and Miss Reva Hodge of Harbor City. Mr. and Mrs. Hodge plan to spend some time in the Canyon.

E. A. Anderson has completed enlarging the Spartan Store. Mr. Anderson has added about a third more floor space to his store by annexing the store room formerly occupied by a real estate office.

Mrs. H. B. Paisley of Santa Ana and Mrs. J. H. Burke and children of Long Beach, are spending the week at the Anderson cottage, "Lone Pine." Mrs. Paisley and Mrs. Burke, recent invalids, have recovered from their illness.

Gordon Wolfe is spending a short vacation at Mojave.

Mr. and Mrs. Clarence L. Virgin, accompanied by Miss Laura E. Cadmus, left for the north Wednesday. Miss Cadmus will visit friends at Sacramento while Mr. and Mrs. Virgin are going on to Chico. They plan to return in a week.

Charles F. Gilmore met with an accident while working in Pasadena Glen, falling from a ladder and breaking several bones in his foot.

Miss Martha Reynolds has returned to her cottage after a three week's visit at Hermosa Beach.

Mr. and Mrs. Stephen Petsel had as their guests Sunday, Mr. and Mrs. Geo. Kostecky and daughter of Hollywood. Mrs. Kostecky is a sister of Mr. Petsel. With a group of friends, the younger folks visited Roberts Camp.

The regular meeting of the Canyon Improvement Association will be held Tuesday evening, April 12th, in the Canyon Club House at 7:30 o'clock.

A horseback ride to Sturtevant Falls in the Big Santa Anita Canyon was enjoyed by Mrs. J. Heasley and Mrs. L. S. High and granddaughter on Tuesday. They were the guests of Mrs. W. B. Corum of Sturtevant Road. A delightful picnic lunch was enjoyed at the Falls where Mrs. Corum reported seeing the first trout of the season.

C. W. Park, owner of the Canyon store, was a visitor Sunday. Mr. Park will leave soon for England where he expects to spend the summer.

Mrs. A. M. Croxson and her three children, accompanied by Mrs. Eva Moore and daughter Betty, left Friday for Palm Springs, Indio and the Salton Sea.

Cadmus Villa had as a guest Saturday and Sunday, Professor Ricardo Uribe, well known Spanish instructor of Los Angeles. This was Professor Uribe's first visit to the Canyon for some time and he asserted that the Canyon was more beautiful than he had ever seen it.

Miss Dele Sinclair is spending her Easter vacation at the home of her mother, Mrs. R. E. Cowan, the well known author. Miss Sinclair is a student at Pomona College.

Mr. and Mrs. F. W. Baker and daughter May are occupying "Seldom Inn" for a week. Mr. Baker is with Comer and Company, undertakers of Long Beach.

Mr. and Mrs. W. G. Clements, 248 Lindero Avenue, Long Beach, have rented Mrs. Laura M. Cline's "Vista del Valle" cottage for the summer. Mr. and Mrs. Clements are the proprietors of the Graham Knitting Company of Los Angeles.

Mr. and Mrs. B. F. Davis are spending a week in their cottage, "Bridge Inn."

Mrs. Laura M. Cline entertained her cousin, Mr. Wilbur Frank, and his family, of Canton, Ohio, Sunday. Mr. and Mrs. Frank are spending the winter in California.

On Saturday Mrs. Cline entertained Mrs. Josephine Wingfield Trefts. Mrs. Trefts and Mrs. Cline had lunch at the wistaria vine. Mrs. Trefts, a former Canyon resident, is an author and is spending the winter at the Plaza Hotel in Hollywood, where she is completing some literary work.

Initiation for High School Club

Members of the Bauble and Bells Dramatic Club of the Pasadena High School were entertained by Richard Young at the home of his parents, Mr. and Mrs. C. F. Young of 161 East Alegria Street, Saturday, when about twenty young people were taken into the society. Their customary initiatory ceremony, consisting of distasteful things to eat and drink, and unpleasant treatment, was used effectively. During the evening, aesthetic dancing and a dramatic program were enjoyed by the fifty guests present. Ice cream and cake helped soothe the feelings of the unfortunate initiates and proved popular with the older members.

Enjoyable Luncheon at Wistaria Fete

One of the delightful social affairs in connection with the Wistaria Fete was the luncheon given last Friday by Miss Eleanor Bayne and Mrs. C. B. Hamilton, formerly state senator in Michigan. Their guests were all from Los Angeles and were seated at a specially decorated table, the places being marked by the little handpainted cards bearing silk bags with seeds from the Wistaria vine. The guests included Mmes. E. C. Newton, George Johnson, William Huffman, Jack Stone, George Kortlander and Jack Reeves.

CROWS and CACKLES

A column of news and views of Sierra Madre, conducted by the Poehler Feed & Fuel Co.

Judging from several calls we have had from visitors the Wistaria Fete is introducing Sierra Madre to many people who had never heard of this place before. More power to Mrs. Steinberger and her co-workers.

A man's wife is not necessarily an angel because she keeps harping on something.

If you complain about the bills you receive the first of the month you should see ours.

We have just added to our stocks "Bee-Dee" rabbit feed. To anyone preferring the "All-in-One" method of feeding we recommend this brand. Come in and we'll tell you about it.

MRS. CHAMBERS SISTER OF OLD-TIME RESIDENT

Mrs. Mary Ellen Maria Chambers, author of the beautiful poem, "A California Wonder," which was published in last week's News, was a caller at the News office on Monday. The poem was inspired by and describes the beauties of the great Wistaria vine. Mrs. Chambers has had it handsomely printed on appropriate heavy cards, with envelope for mailing.

It will interest many of the older residents of Sierra Madre to learn that Mrs. Chambers is a sister of Mrs. W. E. Bechtelheimer, pioneer Sierra Madre druggist. He started his store in the building now occupied by the Solary grocery, and moved it into the Kersting Building now occupied by Hartman & Son. Mr. Bechtelheimer sold to F. H. Hartman in 1910 and has since engaged in business at various places in Southern California. The Bechtelheimers are now residing in Owensmouth and their son Robert, who was born in Sierra Madre, celebrates his twentieth birthday this week.

L. C. Barrett returned this week from San Diego where he has been spending the winter. He will visit a few weeks at the home of his niece, Mrs. Otto Berg, on West Montecito.

THE MONKEY WRENCH

Published in the Interest of Hardware, Plumbing and Paint Buyers.

Number 28 Sierra Madre, California, Friday, April 8, 1927 Volume 1

Business Foresight

When a prospective buyer is being shown through a house one of the first questions asked is: "How about the plumbing?" or "What plumber did the work?" The buyer wants to feel that he is not getting a "lemon."

Therefore it is only good business foresight to see to it that your plumbing is done by a concern with an established reputation for doing reliable work.

And what is most important is the part that shows the least—the "roughing in"—meaning the piping, drains, cleanouts, vents, etc., which the average person knows the least about, and therefore the part for which the owner and buyer must rely

upon the reputation of the plumber.

Hundreds of houses in Sierra Madre, plumbed by us, speak for themselves.

Outside plumbers are here today and gone tomorrow. Our staff are all Sierra Madre folks—own their homes, and are careful at all times to maintain their reputation for doing reliable work.

It takes sixty-four muscles of the face to make a frown and only thirteen to make a smile. Why work overtime?

All Is Not Paint That Spatters

A \$1.40 paint will spread and stick until the painter is out of sight but it takes paint from a well-balanced

formula, such as Acme Quality to stand the test of time and weather. A "cheap" paint is dear at any price.

By a "well balanced" formula we mean one showing proper proportion of lead, zinc, linseed oil and other ingredients—a formula prepared by chemists of long experience. Some wise guy said: "Every man to his job," and this applies especially to mixing paint. Acme Quality never disappoints!

Salesman: "I've called about an attachment I have for your typewriter."

Proprietor: "Oh, that's all right, but please don't bother her during working hours."

A LAUGH

A laugh is just like music,
It freshens all the day,
It tips the peaks of life with light
And drives the clouds away;
The soul grows glad that hears it,
And feels its courage strong—
A laugh is just like sunshine
For cheering folks along.

BRING THEM ON

SIERRA MADRE'S business development lies within rather closely prescribed limits, but great increase is possible if the right course is pursued. The groves which formerly brought a large amount of revenue into the community are rapidly giving way to the subdivider. Their place will be taken presumably by residences, and when these are filled there will be further development of retail business.

But who is to occupy the houses which will be built where the groves used to be and on the vacant lots?

Sierra Madre is just on the fringe of the commuting zone around Los Angeles. There will always be a certain proportion of the population who will carry on their business in Los Angeles. But until more satisfactory transportation, by rail or highway, is provided, there will be a limitation on increased population from this source.

What Sierra Madre needs is business at which people can earn their living in their home town. The directors of the Chamber of Commerce have started on an attempt to develop this class of business, taking a course which has been advocated repeatedly in the News.

Light manufacturing industries would seem to be the answer. Sierra Madre is not favorably situated for large industrial establishments. Heavy manufactures are out of the question, as well as being undesirable. But there is a large class of industries which could be operated economically in Sierra Madre, under the most favorable conditions imaginable for all the people connected with them. With payrolls of from two to two dozen employees, they would put a large amount of money in circulation and the entire community would feel the benefit.

Without any beating of tom toms, the Chamber of Commerce officers have gone quietly about the business of trying to secure such establishments for Sierra Madre. More power to them!

WHO ARE THE TRUE AMERICANS?

FRANK A. MILLER, genial master of the Inn, has been criticized by the militarists and some alleged 100-per-centers for advocating World Peace and a department of the government to seriously pursue the ways of peace with the other nations, says the Hemet News.

We could find it in our heart to wish that our superpatriots would not be quite so absurd. Patriotism is a good, noble quality. We all of us like to feel within us a stirring of love for our country, a desire to serve her. She is, taking her by and large, a fine country the best on earth, and he institutions and ideals, we like to think, have done more to promote human happiness and human development than those of any other land. But why make it hard for us to love her and hate war? Why try to make us think that we may not dream of and even in our small way strive to promote that splendid internationalism of which Tennyson sung so gloriously without surrendering our Americanism? Why, indeed, as Frank Miller asks, wouldn't it be just as logical to have a secretary of peace as of war, and as safe for America?

We wonder if anyone really and soberly believes that it is impossible to be a devout Christian, to be a follower of Christ and His ethics, to take the beatitudes seriously, and to be at the same time a loyal citizen, a good American?

The United States is not, perhaps, strictly speaking, a Christian nation. There is no official connection between church and state, and no one who has studied the history of the world would want a dove-tailing of religious and political activities. There is no religious test for citizenship or the right to hold office. Yet the large majority of Americans who belong to church belong to some one or other of the various Christian churches. They comprise two-fifths or more of our population. Millions more, though not church members, hold to the Christian faith. Is it impossible for all these to be true to their religion and true to their country too?

It seems ridiculous to propound the question. And yet it is a query that irresistibly propounds itself when we note how certainly any courageous believer in the Sermon on the Mount, who proclaims its truths publicly and ventures logically to apply them, is branded a disloyal American and a "bol-shevist" by active and energetic patriots whose Americanism burns with a fierce and consuming flame.

Jesus was pretty much of an internationalist, and so, we take it, is God. Surely an American Christian should be permitted to have hankerings in that direction without being branded as a seditionist or traitor. We have no quarrel with anyone questioning his judgment, his wisdom. That is properly a matter for debate. Possibly Jesus and God and the seers and prophets and poets are wrong about it all, and the hundred per centers alone are right. World peace and brotherly love may be, as John J. Ingalls said of purity in politics, only an iridescent dream. Truth may be with the cynics, the materialists and the militarists. But when they tell us we may not differ with them and preserve our title as good American citizens the disposition is strong to tell them to get out and stay away from us.

Frank Miller, David Starr Jordan, Ross Hammond and thousands of God-fearing Americans associated with them are doing a splendid service in endeavoring to teach us that there is a way out of the welter and woe of war.

Observations

(By G. B. M.)

USELESS—

Somebody has included my name among the list of local people sentenced to receive The Fellowship Forum. Don't know what I have said or done to make them think I would enjoy a periodical so full of intolerance and hatred. Of course the wastebaskets in a newspaper office are large—the difficulty being that the discarded exchanges won't stay in the wastebasket with the darned thing.

KEEP THEM OUT—

A Sierra Madre merchant was offered a bill board to advertise a nationally distributed product which he sells. He declined the offer on the ground that Sierra Madre was free from the billboard nuisance, and he did not care to assume the responsibility of starting them here.

Now an automobile which is not even represented by a local agency has a couple of sign boards on prominent corners. They are not very large, to be sure, but the most vivid imagination could hardly call them ornamental additions to the landscape. Lest billboards become more prevalent in Sierra Madre it might be well for "prospects" to tell the agents for the car they are not interested so long as the billboards are maintained.

IMPOTENT PRAYERS—

A good friend of mine sends me a copy of a chain prayer, the first

Reservations

By J. R. E.

John McCormack, acclaimed by critics as the greatest tenor in the world, modestly declines the honor, stating that in his opinion Edward Johnson is the greatest. Mr. Johnson gallantly refuses the nomination, insisting that the critics were right in naming John in the first place. With the controversy raging at its sublimest height, Tito Schipa comes along and says that both are wrong—he (Schipa) is the greatest.

And now that that is settled, let's go on with the Chinese problem.

things can work no possible good, I have seen in several years. Such for their continuance is based on an appeal to superstitious fear and the power of some magic charm. Misfortune is threatened to those who break the chain and some great joy to those who impose the burden of passing the prayer on to ten others.

A lot of people evidently stand in no fear of breaking the chain or these chain prayers would be more in evidence. Suppose somebody starts by writing to ten friends, asking each of them to write to ten others, and they all do likewise, and so on. The eighth group of victims would nearly equal the population of the United States. The eleventh group would bring the total to 11,111,111,111, which is about five times the population of the world.

at Luncheon—

Prof. and Mrs. John J. Hart of 496 West Central, entertained at luncheon on Saturday Mrs. Hart's niece, Mrs. Ralph Alexander and Mrs. Arthur Lawrence and two daughters of Los Angeles, after which a visit was made to the Wistaria Fete.

Mr. and Mrs. Harvey Steinberger and Mr. and Mrs. Dennis Sprague of Pasadena motored to Vista, Cal., on Sunday, stopping at San Clemente as they returned.

Mrs. John J. Hart of 496 West Central, had the misfortune to dislocate her right shoulder last Saturday. The accident was caused by a fall which occurred while she was showing some Los Angeles guests around her garden.

Mrs. Ida Sperry accompanied by her daughter, Mrs. Ed Hart (Miss Harriett Sperry) and two children of Long Beach spent Tuesday at the Wistaria Fete renewing old acquaintances.

Call Is Issued
To Observance
of Holy Week

Holy Week Services

Holy Week begins next Sunday, April 10, with Palm Sunday. At the Church of the Ascension, at the 7:30 service of Holy Communion the palms will be blessed. Choral Eucharist will be sung at 11 o'clock, and a distribution of palms made.

On Monday, Tuesday and Wednesday, Litany will be said at 4:30 p. m. and meditation on the Way of the Cross given.

April 14, Maunday Thursday, the day which the Holy Eucharist was first instituted by our Lord. Holy communion will be celebrated at 7:30 and 9:00 a. m. Continuous intercessions will be offered before the Blessed Sacrament throughout the day from 7:30 a. m. to 7:30 p. m.

Evensong will be sung at 7:30 p. m. and an address made summing up the significance of this most important occasion.

On April 15, Good Friday, a day of strict fast and of prayer. The Three-Hour Devotion service commemorating the hours in which Our Lord hung and died upon the Cross, will be observed from 12 noon until 3 p. m., with brief meditations on each one of the Last Words, interspersed with hymns and prayers.

In the evening, 7:30 p. m., the choir will sing Irwin H. Read's sacred cantata, "The Seven Last Words."

Saturday, April 16, is Easter. Even and the Sacrament of Holy Baptism will be administered in the church at 5 p. m.

The people of Sierra Madre are invited to share in the worship of any or all of these services during the holy week.

Mrs. Clara Harley of 463 Mariposa, who has been ill, was taken this week to the Christian Science Home in Pasadena. Mrs. Harley's son, W. S. Harley of Pittsburgh, Penna., has recently arrived in Sierra Madre to be with his mother.

Peter Fessel of LeMars, Iowa, was a dinner guest recently at the W. J. Schiltz home at 67 East Highland Avenue.

Mrs. Paul Tappan and daughter Miriam and Miss Jeanette Hedges of Mansfield, Ohio, were the guests of Dr. A. H. Brady of 139 Esperanza Avenue, on Monday. They all attended the Wistaria Fete.

Discoveries of the first importance have been made at Sakkarah, Egypt, where the oldest stone buildings in the world—chapels built by Pharaohs probably 6000 years ago—were uncovered in '24.

Miss M. W. Olds of Los Angeles is the house guest this week of her sister, Mrs. W. H. Ingraham of 59 North Sunnyside.

"DEPENDABLE MEATS"MEAT HELPS
TO BALANCE DIET

All authorities say the best safeguard of health and vigor is balanced diet. Among other things there must be proper quantity and quality—protein.

In practice there is no better way of making sure you are getting the best sort of protein than by including meat in your daily fare.

Eat meat, therefore, and enjoy it, and make sure that you have also plenty of green leafy vegetables, fruits, milk, cereals and other good foods.

Eat meat because you like it, but also because it is wholesome, nutritious and health-giving.

State Jobs Are Going Begging

State Civil Service Commissioner David J. Reese, announced at Sacramento Wednesday that three positions in the state service are going begging for want of applicants. These positions, paying satisfactory salaries and open to women only, are agent for the department of public welfare, agent for the industrial welfare commission and psychiatric social workers.

Applicants for all these positions are required to be graduates of institutions of recognized standing or to have experience equivalent to college training. Full information may be had by applying to the civil service commissioner at Sacramento.

A Viennese Beau Brummel believes that the days of long trousers are numbered. He states that soon men will be wearing more colorful attire, knee breeches, and plenty of lace as trimming. NOTICE OF AWARD OF CONTRACT

Pursuant to statutes and to the Resolution of Award No. 316 of the Board of Trustees of the City of Sierra Madre, adopted March 31st, 1927, directing this notice, notice is hereby given that said Board of Trustees, in open session on the 24th day of March, 1927, opened, examined and publicly declared all sealed proposals or bids offered for the following described street work, to-wit:

That that portion of ADAMS STREET between the northerly line of said Highland Avenue and the southerly line of said Grand View Avenue, including the intersection of LAUREL AVENUE, be improved by certain grading and by the construction of certain three (3) inch oiled macadam pavement, cement curbs, concrete gutter, and cement sidewalk, except where said curbs or sidewalks have already been constructed and are now to the official line and grade of the streets, and also by the construction of reinforced concrete culvert lateral intakes with wing walls.

That that portion of the northerly line of said Grand View Avenue and a line parallel to and distant 601 feet northerly from said northerly line of Grand View Avenue, be improved by certain grading and by the construction of certain three (3) inch oiled macadam pavement, cement curb, concrete gutter, and cement sidewalk, extension of the existing concrete culvert, including intake and outlet with wing walls, and the construction of a reinforced concrete culvert lateral, and the construction of reinforced concrete culvert lateral.

That that portion of GRAND VIEW AVENUE, between a line parallel with and distant twelve (12) feet easterly from the easterly line of that

portion of said Adams Street South of said Grand View Avenue, prolonged northerly across said Grand View Avenue and a line parallel with and distant ten (10) feet westerly from the westerly line of that portion of said Adams Street North of said Grand View Avenue, prolonged southerly across said Grand View Avenue, be improved by certain grading and by the construction of certain three (3) inch oiled macadam pavement, cement curbs, concrete gutters, cement sidewalks, the extension of the existing concrete culvert, including wing walls, reconstruction of manhole inlets to existing storm drain, and the installation of steel covers on said manhole inlets. That the grade, to which the work hereinafter described on said portion of Grand View Avenue shall be done and the improvements made, shall be different from the Official Grade which has heretofore been formally established and such different or new grade shall be that shown on Improvement Plan and Profile No. 231 on file in the office of the City Engineer of said City of Sierra Madre, to which said Profile reference is hereby made for the description of such grade.

That all of the work aforesaid shall be done in accordance with and to the grade shown on Improvement Plans, Profiles and Cross-sections Numbered 231, 232 and 233, on file in the office of the City Engineer of said City of Sierra Madre, and in further accordance with Special Specifications for said work on file in the office of the City Clerk of the said City of Sierra Madre.

All Improvement Plans, Profiles and Cross-sections and Special Specifications above mentioned were adopted by Resolution No. 308 of said City of Sierra Madre, and the same together with Resolution of Intention No. 309, being the Resolution of Intention for said work are hereby made a part of this Notice and are hereby referred to for full and detailed description of said proposed work or improvement and for the description of the grade to which the work is to be done and are hereby made a part hereof.

That the said contemplated work or improvement, in the opinion of said Board of Trustees of said City is of more than local or ordinary public benefit, and said Board of Trustees hereby declares that the district shall be benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof, is described in said Resolution of Intention No. 309 of said City of Sierra Madre, adopted by said Board of Trustees January 27th, 1927, to which said Resolution reference is hereby made for a description of said district.

The said Board of Trustees also determined and declared that serial bonds bearing interest at the rate of seven (7) per cent per annum shall be issued to represent each assessment of Twenty-five (25) Dollars or more remaining unpaid for twenty (20) days after the date of the warrant. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the fifteenth (15) day of the next November following their date. Payments on the principal of unpaid assessments and interest shall be made by property owners to the City Treasurer and the same shall be disbursed by him, all as provided in the "Improvement Act of 1911," hereinafter referred to.

All of the proceedings for the aforesaid improvement and for the issuance of said bonds shall be had and taken under and in accordance with an Act of the Legislature of the State of California, known and designated as the "Improvement Act of 1911," approved April 7, 1911, and under all Acts supplementary thereto or amendatory thereof.

And thereafter, to-wit: on the 31st day of March, 1927, said Board of Trustees awarded the contract for said work to the lowest regular responsible bidder, to-wit:

To Pearson & Dickerson, at the prices named for said work in their proposal on file, to-wit:

Orelld Camp on the Mt. Wilson Trail, under the management of J. B. McNally, was one of the most important and popular of the mountain resorts.

The directors of the Board of Trade considered a proposition from Messrs. Ensign and Monnette of Pasadena to promote a tourist hotel enterprise. A \$100,000 corporation was outlined, at least one-third to be raised locally.

TEN YEARS AGO

Erection of a flagpole at some centrally located spot was decided upon by the Board of Trade. The initiative was taken by G. C. Rodell, a Civil War veteran, who made the first contribution.

Plans were made for the planting of California poppy seed in parkways all over Sierra Madre. As a means of inducing visitors to come to Sierra Madre to see something out of the ordinary, the city trustees were requested to devote a fixed sum each year to the development of a park on the city's land in Bailey Canyon where wild flowers, trees and shrubs could be grown at their best.

The Wistaria Vine at the H. T. Fennel home was the objective of more than 2,000 visitors during the blooming season. The vine reached clear around the house and a growth of more than 50 feet at the extreme ends was noted in comparison with the previous year.

NOTICE OF COMMISSIONER'S SALE OF REAL ESTATE ON FORECLOSURE OF MORTGAGE.

In the Superior Court of the State of California in and for the County of Los Angeles.

No. 204-270

MAUD GOULD, Plaintiff,

vs.

JOHN L. HURST, et al.

Defendants.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the State of California, in and for the County of Los Angeles, on the 24th day of March, 1927, in the above entitled action wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against JOHN L. HURST and ABBIE HURST, his wife, Defendants, on the 21st day of March, 1927, for the sum of THIRTY-SIX HUNDRED NINETY-FOUR AND 50/100 Dollars gold coin of the United States, which said judgment and decree was on the 22d day of March, 1927, entered and recorded in Judgment Book 652 at page 31 et seq. (to which judgment and decree reference is hereby made), I am commanded to sell at public auction all the following described premises, situate, lying and being in the City of Pasadena, County of Los Angeles, State of California, and bounded and described as follows, to-wit:

The Southern one-half (1/2) of Lot Three (3) Tract 8473, City of Pasadena, as per map recorded in book 100, Pages 58 and 59 of Maps, Records of Los Angeles County.

PUBLIC NOTICE IS HEREBY GIVEN that on Monday, the 25th day of April, 1927, at 12 o'clock noon of that day in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated March 24, 1927.

R. E. ALLEN,

Commissioner appointed by said Superior Court.

GREAT GRAUMAN THEATRE WILL SET NEW STYLE

Heralded as an event of world-wide significance, the opening of Grauman's Chinese Theater in Hollywood, expected to set new standards in splendor and novelty of design, is awaiting only the finishing touches to be scheduled for late in April or early in May by Sid Grauman.

The unveiling of the latest and most elaborate palace dedicated to the drama will be an international event on the Coast. Its mammoth lacquer doors are to be thrown open to the public for the world premiere of Cecil B. DeMille's cinematic masterpiece, "The King of Kings."

Indication of the importance attached to the opening is had in a visit to be made by Princess Dan, of the Manchukuo dynasty, who is coming direct from Peking to preside as hostess and represent the Chinese government. The imperial party is expected to include a brilliant retinue of Chinese royalty.

At a horse sale on a ranch near Livingston, Mont., recently, several well-broken ponies sold for 25 cents apiece. A number of horses sold for less than \$2 each.

More than 1000 wolves were killed in the Big Bend region in Texas in a ten-days' poisoning campaign under the direction of the U. S. Geological Survey. It required 40,000 baits to bring about the wholesale death of these predatory animals.

Some legislation to prevent the operation of the million motor vehicles said to be unfit for service on the highways may be devised if plans now being made are carried out.

The motorist who fails to take the attractive loop trip from Los Angeles to Ojai via Newhall, Fillmore and return via Ventura and the Conejo Grade, misses one of the most scenic trips open to the touring public of the nation.

Plans for intensive development of tourist facilities on the north rim of the Grand Canyon National Park have already started to take definite form. It is asserted that when the region is made accessible to motorists the region will become one of the major summer vacation spots in the country.

NOTICE OF AWARD OF CONTRACT

Pursuant to statutes and to the Resolution of Award No. 315 of the Board of Trustees of the City of Sierra Madre, adopted March 24th, 1927, directing this notice, notice is hereby given that said Board of Trustees, in open session on the 10th day of March, 1927, opened, examined and publicly declared all sealed proposals or bids offered for the following described street work, to-wit:

That that portion of GROVE STREET between the northerly line of Highland Avenue and the Northerly line of Lot Twenty-three (23) of the Furneaux Tract, as per Map of same recorded in Book 12, Page 193 of Maps, in the office of the County Recorder of Los Angeles County, California, prolonged westerly across said Grove Street, be improved by certain grading and by the construction of certain three (3) inch oiled macadam pavement, cement curbs, concrete gutters, corrugated iron culverts, and a reinforced concrete pipe culvert with reinforced concrete intakes.

That that portion of the westerly one-half of LIMA STREET between a line drawn across said Lima Street 17.0 feet southerly from and parallel with the southerly line of said Highland Avenue, and a line drawn across said Lima Street 17.0 feet northerly from and parallel with the northerly line of said Highland Avenue, be improved by the construction of a certain cement concrete pipe

culvert with reinforced concrete outlet, construction of a reinforced concrete top on the existing concrete culvert and laterals and the extension of the existing concrete culvert and laterals with intakes, outlet and the reconstruction of certain portions of the existing cement curbs, concrete gutters and cement sidewalks.

That that portion of HIGHLAND AVENUE between the westerly line of Lima Street, and a line drawn across said Highland Avenue 15.0 feet westerly from and parallel with the westerly line of said Grove Street prolonged southerly across said Highland Avenue be improved by certain grading and by the construction of three (3) inch oiled macadam pavement, cement curbs, concrete gutters, the extension of the existing concrete culvert laterals with intakes, the construction of a cement concrete pipe culvert, the construction of a reinforced concrete pipe culvert, the construction of a corrugated iron culvert, and the construction of reinforced concrete intakes.

That that portion of GRAND VIEW AVENUE between a line drawn across said Grand View Avenue ten (10) feet easterly from and parallel with the easterly line of that portion of Grove Street south of said Grand View Avenue prolonged northerly across said Grand View Avenue, and a line drawn across said Grand View Avenue ten (10) feet westerly from and parallel with the westerly line of that portion of said Grove Street lying north of said Grand View Avenue, prolonged southerly across said Grand View Avenue, be improved by certain grading and by the construction of three (3) inch oiled macadam pavement, cement curbs and concrete gutters, as shown on Improvement Plans, all as specified in Resolution of Intention No. 306 of said City of Sierra Madre, same being the Resolution of Intention for said work or improvement, and to which said Resolution of Intention No. 306 reference is hereby made for a further and more complete description of said work or improvement, and the assessment district and the Special Specifications of which, referred to in said description, are on file in the office of the City Clerk of said City of Sierra Madre, and the description of said work or improvement and the assessment district and the Special Specifications of which, referred to in said Resolution of Intention No. 306 contained, is hereby expressly adopted and also made a part hereof, the same as though fully set forth herein.

That all of the work aforesaid shall be done in accordance with and to the grades shown on Improvement Plans, Profiles and Cross-sections Numbered 225 and 227, in the office of the City Engineer of the City of Sierra Madre and in further accordance with Special Specifications for said work on file in the office of the City Clerk of said City, adopted by the Board of Trustees of the City of Sierra Madre by Resolution No. 305 of said City. Said Improvement Plans, Profiles and Cross-sections and Special Specifications are hereby referred to for full and detailed description of said proposed work or improvement and for the description of the grade to which the work is to be done and are made a part hereof.

That the said work or improvement in the opinion of the said Board of Trustees of said City, is of more than local or ordinary public benefit, and said Board of Trustees declares that the district to be benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof is described in said Resolution of Intention No. 306 adopted by said Board of Trustees January 13, 1927, to which said Resolution reference is hereby made for a description of said district.

That said Board of Trustees also determined and declared that serial bonds bearing interest at the rate of seven (7) per cent per annum shall be issued to represent each assessment of Twenty-five Dollars (\$25.00) or more remaining unpaid for twenty (20) days after the date of the warrant. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the fifteenth day of the next November following their date. Payments on the principal of unpaid assessments and interest shall be made by property owners to the City Treasurer and the same shall be disbursed by him, all as provided in the "Improvement Act of 1911," hereinafter referred to.

That the proceedings for the aforesaid improvements and for the issuance of said bonds shall be had and taken under and in accordance with an Act of the Legislature of the State of California, designated and known as the "Improvement Act of 1911," approved April 7, 1911, and under all Acts supplementary thereto or amendatory thereof.

And thereafter, to-wit: on the 24th day of March, 1927, said Board of Trustees awarded the contract for said work to the lowest regular responsible bidder, to-wit:

To H. M. Cole, at the prices named for said work in his proposal on file, to-wit:

Luncheon and Bridge—

Miss Virginia Jones entertained a group of friends with luncheon and bridge on Wednesday. Luncheon was enjoyed at the Wistaria Fete, and the party then went to the Jones home for cards. The guests were Mrs. Edwin Schneider, Miss Donnell and Mrs. Samuel L. Graham, the latter being the recipient of the prize, which was a bottle of Wistaria perfume.

All Around the Town

Hostess at Wistaria Fete Luncheon—

A delightful affair of the week was the luncheon given by Mrs. W. J. Lawless at the Wistaria Fete on Thursday when she honored Mrs. Frank J. Hart's charming house guest, Miss Elizabeth Lee of Painesville, Ohio. Covers were laid for Mrs. John T. Mason, Mrs. Bruce Williamson, Mrs. H. K. Williamson, Mrs. J. C. Call and Mrs. Arthur Sendall of Los Angeles, Mrs. W. H. E. Bravender of Baldwin Park, Mrs. C. G. Handerson of Cleveland, Ohio, and Mrs. Fred Hooker Jones, Mrs. R. S. Corlett, Mrs. Frank J. Hart, Miss Hugo Carlson, Miss Lee and the hostess. Later Mrs. Lawless assembled her guests at her home on West Grand View for an afternoon of bridge.

After-Easter Card Party by American Legion—

The first card party of the season after Easter will be held Monday night, April 18, by Sierra Madre post of the American Legion. Five Hundred and Bridge will be played in the Legion Hall over the Woman's Club, beginning at 8 o'clock. Attractive prizes have been selected for the lucky ones. Refreshments will be served after the cards. A general invitation is extended to the public to attend.

Luncheon at Wistaria Vine—

Mrs. William S. Bovard of Chicago entertained a small party at luncheon on Tuesday. The guests were Dr. and Mrs. George F. Bovard of Los Angeles, Mrs. Florence Collison of Pasadena and Dr. and Mrs. Gilbert S. Bovard of Sierra Madre. It was the first visit Dr. and Mrs. George Bovard had ever made to this Sierra Madre shrine. Both were most enthusiastic over the wonder and beauty of it all, Dr. Bovard remarking: "This is the worth of a trip across the continent to see."

Celebrated Wedding Anniversary—

In honor of the twenty-sixth wedding anniversary of Mr. and Mrs. Wm. Steele of Lakeview, Oregon, their cousins, Mr. and Mrs. W. H. Wolf on East Highland, entertained with dinner on Thursday, March 24. The evening was happily spent in playing bridge. The guests included Mr. and Mrs. Wm. Steele, Mr. and Mrs. Louis Chitry of Los Angeles, Mr. and Mrs. Emil Sturmthal and Miss Elsa Sturmthal.

J. H. Robertson of North Adams Street left for St. Paul, Minn., last week in response to a telegram saying his mother was very seriously ill. He will remain until his mother has passed the crisis in her illness. Mr. and Mrs. H. M. Robertson visited their son in Sierra Madre last summer.

John L. Grove, formerly manager of the Safeway Store, visited Sierra Madre friends last Friday. He has been connected with the Navajo Hotel at Big Bear Lake for several months, and is looking forward to a busy summer season. He called at the News office to renew his subscription for another year so he could keep in touch with Sierra Madre affairs.

Some of Jack Hosford's drawings have been attracting a good deal of interest at the W. R. Humphries office where Jack has his headquarters. They show to good effect the progress Jack made during the two years he was flat on his back, which would not ordinarily be considered much of an opportunity to study draughtsmanship.

Dr. May Culbertson Laidlaw was a delegate from the Southern California branch at the Woman's National Osteopathic Association last week. The convention was in Long Beach where the meetings were held in the Ebell Club. While there, Dr. Laidlaw was the guest of Annie Broadhead.

William Laidlaw's two sisters, Misses Jennie and Margaret, and brother Charles, of Illinois, are visiting at the Laidlaw home on North Sunnyside.

There will be a card party given under the auspices of the Altar Society Monday, April 25, at the St. Rita's Auditorium. These affairs are to be held regularly on the second and fourth Mondays of the month.

A Rhode Island Red returned a net profit of \$28.73 in one year to her owner, W. J. Carter of Cotter, Ark.

All gasoline stations in South Carolina must be closed on Sunday. The law has been passed by the state legislature and is considered as a stand against Sunday motoring.

Dickens Fellowship Club at Wistaria Vine—

The Dickens Fellowship meeting on Wednesday was held under particularly delightful circumstances. The hostesses were Mmes. C. W. Jones, Martha Rust and W. J. Miller, and the club met at the Wistaria Fete where they were entertained at luncheon. Tables charmingly decorated with iris and peach blossoms and novel place cards made the scene more attractive than ever. After the luncheon the ladies were taken to the Jones home where the afternoon was spent reading from the works of Dickens. In addition to the Fellowship members, Miss Elizabeth Lee of Painesville, Ohio, was a special guest.

Enjoyable Trip to Wrightwood—

Mrs. John H. Osgood took a party of friends on an enjoyable trip to Wrightwood one day last week, where they had luncheon and visited Mr. Osgood, who is engaged in building operations there. Her guests included her father-in-law, Captain J. A. Osgood, Mrs. Nestor A. Young, Miss T. H. Graham, Mr. Harry H. Graham, Mrs. Edwin Schneider and little son, Edwin, Jr. It was the first time the latter ever had a chance to get into the snow.

Guests Delightfully Entertained—

Mr. and Mrs. F. P. Conard of 33 W. Mira Monte Avenue, entertained delightfully at lunch Tuesday at the Wistaria Fete. Their guests were Mrs. J. Cooper of Los Angeles, their house guest, Miss Frances George, Mrs. Alice Sedgman and Miss Alice Sedgman.

Visitors to Leave Soon for the North—

Mr. and Mrs. H. E. Allen and family of 139 Bonita Avenue complimented Mr. Allen's cousin, Dr. Norman Carver and Miss Dorothy Carver of England, who are leaving for the north next week, with a luncheon at the Wistaria Fete, Tuesday. Those to attend beside the honor guests were: Mr. and Mrs. William Bowring and daughter Miss Winifred Bowring of Charter Oak, California, Miss Annie Allen, Mr. Arthur Allen and Miss Elizabeth Allen of Pasadena, Mrs. Charles J. Fox, Miss Beatrice Fox and their house guest, Miss Bode of Altadena, and Mrs. Clara M. Praeger of Los Angeles.

Many times greater than the value of all the gold produced in California since the days of '49, the value of timber products of the state has reached huge proportions and it is fitting that California play an important part in the observance of American Forest week, according to the committee in charge. In the last twenty years the value of California's lumber and timber products has increased from \$18,275,000 a year to \$72,815,400.

DELICATESSEN and LUNCH ROOM

TEN MONTHS AGO I told you I would stay in Sierra Madre, and I am still going to stay, because you have assisted me so I can stay.

Have been trying my best to please you and you have pleased me, and now I am going to add a few more things to my business and see if I can please you still more.

I am now adding a little dairy lunch and some delicatessen goods. If you are looking for a good cup of coffee and some good pie or other things, would be pleased to have you come in and give us a try.

Thanking you for your past patronage.
